AUGUST 2017

Hurricane Checklist for Business

As much as we don't wish to think about it; Hurricane season is upon us with August and September in the "most likely" time of the year to stay on alert. We have a plan that we can scan over to your office which includes:

- How to develop a written plan and check list
- Pre-season Preparedness (This should be done prior to June 1st; however better now than never)
- Hurricane Watch Plans: 36 - 48 hours to landfall
- Hurricane Warning and/or Evacuation Plans - 18 - 24 hours before landfall.
- After the Storm: What to do and how to access

In addition, please feel free to meet with sales consultants on putting together emergency first aid kits

"Tote Around Town"

Do you know about our Tote Program or have you just forgotten? Our tote program fits in with any office sustainable mission plan. It is as easy as 1 - 2 - 3.

One - Phone our call center at 775-7513

Two - Our service center will place you on our "Deliver in Tote List" All your supplies will be delivered in a plastic tote verses a cardboard box.

Three - The tote can be left in your office for you to recycle paper for shred (\$10.00 per box) or to house your ink cartridges for recycle. The tote will be exchanged upon your next delivery or we will unload your supplies in the storage area and take the tote back to our warehouse.

Here is the best part, for the month of August to reward all those who are environmentally friendly with the tote program, you will receive a dollar coin for every order over \$100.00 for your Piggybank.

Don't have a Piggybank? Just ask your driver for one of our green piggy banks we call "Easier". Easier travels with our drivers and are always looking for a good home on an employee's desk.
